

Could you be a Mystery Visitor?

Heritage Ability is a project made by a charity called Living Options Devon. Living Options Devon helps people who are disabled and people who are Deaf.

We are making places in the South West better for people to visit. This is so disabled people and Deaf people can enjoy a day out at them.

Some of these places are castles, old houses, parks and nature reserves.

We are looking for people to be Mystery Visitors. You can tell us how good or bad places are so we can help make them better.

You can go to 1 or lots of them and tell us about your day. We will pay for you to go to them.
